June Monthly Reminders

Father Natures Carries a full line of Organic Products

Ask about our **FREE** *personally lawn care calendar*

Happy Fathers Day

It's time for the butterfly and humming bird
plant stop by see what's new

There's many beautiful perennial in bloom in June
stop in
and see what's new

Feed your plant material regularly to keep that
lush green color (use Jacks Water soluble 20-20-
20 Mondays and 10-30-10 Thursdays) weekly

2nd application of Crabgrass preventer should be
applied
around June 15th for extended protection
through

the hot months.

Apply **Weed and Feed** when dandelions start to appear (step2). You can apply crabgrass preventer (step1) and weed and feed (step2) at the same time. Ask how.

Remember May 15th is the frost free date time to start planting your annuals for color all summer long.

Use Granular Fungicide now as a preventer before problems start during hot humid months.

Use Beneficial insects to organically control pests in your yard. They should be released after the frost free date.

Use a vegetation killer to kill unwanted weeds in your beds then apply **Preen** to prevent weeds from returning.

Insect are hatching in the beginning of June take preventative steps

Rose lovers watch for rose slugs on your leaves stop in for a cure

May 15th on is the time to get your Warm weather vegetables in the ground

Time Release Lime to raise PH on lawns and gardens can be used any time for maximum

fertilizer effectiveness

Bring 2 cups of soil in to be tested for PH
analysis

Fertilize all evergreens with **Holly Tone** and
perennials with **Plant Tone**

When Planting your garden beds add
Organic Fertilizer ,Sweet Peet and Lime

Use Systemic Liquid before leaves appear on
birch trees and arborvitaes to prevent leaf
miners (every 6 weeks)
if weather permits
